EDUCATION

Dr.MGR Educational and Research Institute. 2022 - 2026

Bachelor of Technology - Datascience and Artificial Intelligence

CGPA (6th Sem – 8.8)

St.Joseph Anglo Indian Higher Secondary School.

Higher Secondary, Jun 2020 - May 2022

Mathematical Biology

Percentage - 77.34 %

St.Joseph Anglo Indian Higher Secondary School.

SSLC, Jun 2019 - May 2020

Percentage - 80.8 %

SKILLS

- Python
- HTML,CSS
- Javascript
- Data Analytics
- Business Intelligence
- My SQL(Basics)

CONFERENCE

MGR NCICT'25

Paper Presentation - PausePlay
Smart Screen Time Manager

ARCH INTERNATIONAL CONFERENCE - MODI'25

Paper Presentation - AI for Ocean
Sustainability

PROJECTS

Recipe Website : Hungry Happiness

- Tech: HTML, CSS, JavaScript
- Work: Built a responsive recipe website with multiple cuisines, implemented search and filter features, and focused on clean, user-friendly UI/UX design.

Mini Project : AI-Powered Natural Compound Screening

- Tech: GNNs, VAEs, GANs, SHAP, Docking
- Work: Predicted bioactive compounds, validated with docking, added explainability, deployed as web tool

INTERNSHIP

8 Queens Software Technologies Private Limited

Full Stack Web Development

August 2024

- Built responsive websites using advanced HTML, CSS (Flexbox, Grid, animations), and JavaScript.
- Developed interactive front-end features to enhance user experience.

CERTIFICATIONS

- Introduction to Python – IBMCE
- Cloud Application Developer – IBMCE
- Business Intelligence - IBMCE
- Microsoft Identity and Access Administrator Training – Microsoft
- Microsoft Operation Analyst – Microsoft
- Python for Datascience - NPTEL

HACKATHON

- VIT National level Hackathon(Screen Time Manager):** Browser extension for parental control with custom profiles and quizzes to encourage healthy digital habits.
- HackXelerate'25(PlastiCycle):** AI-powered recycling platform to identify plastics, promote eco-friendly methods, and reward users, aligned with UN SDG 12 & 13.
- IBM Hackathon'25(AI-powered Job Analyzer & Career Counseling System):** Built an AI-driven platform for resume screening, job-resume matching, and career counseling with skill gap analysis and personalized guidance to support employability.
